

Registrars Committee Western Region BACC Workshop Stipend 2011

We are pleased to announce that we are offering four registration stipends to attend one of Balboa Art Conservation Center's
**Emergency Preparedness Intensive for
Material Culture Collections
(3-day workshop)**

Is your institution prepared for an emergency, with a plan that addresses staff, visitors, structures, and collections? Take this workshop and come away with everything you need to create a new institutional emergency plan or update an existing plan to include collections. This three-day series, designed for museums and historical societies, utilizes an intensive training approach for invited participants. Workshop participants will learn emergency planning best practices, how to form emergency response teams and networks, and emergency response and hands-on recovery methods for a variety of collection materials. Pre-workshop assignments will help participants be better prepared to create a disaster plan and post-workshop consultation with the instructor will be provided to complete a plan. Presenters: Facilitated by Kara West, BACC Assistant Director for Field Services, with assistance from BACC conservators and specialized consultants.

There will be 5 *Focus on Collections Care* events in 2011. For details please visit www.bacc.org
