

## WMA Honolulu Pre-Conference Event

### CSI: REGISTRARS

Collections Services Initiative

Based on annual events organized by the registrars' committees in the Mid-Atlantic and Mountain-Plains regions, and the Reinforcement Crew at AAM, the CSI:Registrar event has registrars, conservators and other collections professionals share their skills with an institution in the conference's host city, providing a day's worth of volunteer labor for collections-based projects, such as general cleaning, inventory of collections, condition reporting, re-housing of collections, moving collections and numbering collections. This is an all-day event and provides a great opportunity to chat with your colleagues and share experiences while using your skills to help out a museum in need! Lunch will be provided by RCWR.
