

Basic Principles of Mount Making & Beyond Workshop

At the Western Museum Association Annual Meeting

Honolulu, Oahu

Friday, September 23, 2011

Attend this half day workshop and learn basic and advanced principles of mount making and earthquake mitigation measures, from contours, clips and cast interfaces to seismic isolation. Panelists will speak about the latest materials being used, methods, systems, designed environments, best practices and affordable solutions. Learn how to safely mount your art and artifacts while fulfilling your curators and exhibition designer's vision.

Speakers: BJ Farrar, Mount Maker, J. Paul Getty Museum
David Armandariz, Mount Maker, J. Paul Getty Museum
Mckenzie Lowry, Mount Maker, J. Paul Getty Museum
Richard Hards, Mount Maker, Ely Inc.

Location: Location information will be emailed to registered attendees one week prior to workshop
